GADMO – German-Austrian Digital Media Observatory	EDMO Hub in Germany, Austria	<a href="https://gadmo.eu">https://gadmo.eu</a>
HDMO – Hungarian Hub against disinformation	EDMO Hub in Hungary	(forthcoming)
Iberifier – Iberian Digital Media Research and Fact-Checking Hub	EDMO Hub in Spain and Portugal	<a href="https://iberifier.eu/">https://iberifier.eu/</a>
IDMO – Italian Digital Media Observatory	EDMO Hub in Italy	<a href="https://www.idmo.it/">https://www.idmo.it/</a>
Ireland Hub	EDMO Hub in Ireland	<a href="https://edmohub.ie/">https://edmohub.ie/</a>
MEDMO – Mediterranean Digital Media Observatory	EDMO Hub in Greece, Cyprus, and Malta	<a href="https://meddmo.eu/">https://meddmo.eu/</a>

NORDIS – The Nordic Observatory for Digital Media and Information Disorder	EDMO Hub in Denmark, Sweden, Norway, and Finland	<a href="https://nordishub.eu/">https://nordishub.eu/</a>
TITAN project	Coaching to Fight Disinformation. Focus on citizens and the public, supporting them in countering disinformation.	<a href="https://www.titanthinking.eu/">https://www.titanthinking.eu/</a>
AI4Trust project	Provides a hybrid system in which machines cooperate with humans, relying on advanced AI solutions against advanced disinformation techniques to support media professionals and policy makers.	<a href="https://cordis.europa.eu/project/id/101070190">https://cordis.europa.eu/project/id/101070190</a>
AI-on-Demand Platform	Aims to facilitate European research and innovation in AI, supporting solutions and tools that contribute to the ecosystem of excellence and the ecosystem of trust, which define the European Vision of AI.	<a href="https://www.ai4europe.eu/">https://www.ai4europe.eu/</a>
AI4Media project	A Centre of Excellence delivering next generation AI research and training at the service of media, society and democracy	<a href="https://www.ai4media.eu/">https://www.ai4media.eu/</a>
I4Trust project	Collaborative initiative boosting the development of innovative services around new data value chains in multiple sectors	<a href="https://i4trust.org/">https://i4trust.org/</a>
Adra-e project	Supports the AI, Data and Robotics Association and Partnership to create the conditions for a sustainable European ecosystem	<a href="https://adra-e.eu/">https://adra-e.eu/</a>
VIGILANT project	Creating an integrated platform of advanced disinformation identification and analysis tools tailored to the needs of police authorities	<a href="https://www.vigilantproject.eu/">https://www.vigilantproject.eu/</a>
FERMI project	Fake nEws Risk MItigator	<a href="https://vubtechtransfer.be/en/fermi">https://vubtechtransfer.be/en/fermi</a>
EFCSN network and initiative	The European Fact-Checking Standards Network brings together independent fact-checking organisations to discuss and define the standards of independence, transparency and methodological and journalistic quality to guide efforts to combat disinformation.	<a href="https://eufactcheckingproject.com/">https://eufactcheckingproject.com/</a>
IFCN International Factchecking Network	Established in 2015, the IFCN is a global leader in fact-checking excellence that brings	<a href="https://www.poynter.org/ifcn/">https://www.poynter.org/ifcn/</a>

	together the growing community of fact-checkers around the world and advocates factual information in the global fight against misinformation.	
CrossOver project	Empowering civil society and building resilience through cross-lingual, cross-border, and cross-platform approaches to disinformation	<a href="https://crossover.social/">https://crossover.social/</a>
AI, Data and Robotics partnership	Adra ASBL is the private side of the European Partnership on AI, Data and Robotics, one of the European Partnerships in Cluster 4 (digital, industry, and space) in Horizon Europe	<a href="https://adr-association.eu/">https://adr-association.eu/</a>
EBU network	European Broadcasting Union, the world's leading alliance of public service media with 112 Member organizations in 56 countries from Europe, promotes the interests of public service media	<a href="https://www.ebu.ch/">https://www.ebu.ch/</a>
SpeechTrust+ project	Detection of AI-based speech synthesis and voice alienation for evidence verification and protection against fraud and disinformation	<a href="https://www.idmt.fraunhofer.de/en/institute/projects-products/projects/SpeechTrust.html">https://www.idmt.fraunhofer.de/en/institute/projects-products/projects/SpeechTrust.html</a>
AI REGIO	Regions and Digital Innovation Hubs alliance for AI-driven digital transformation of European Manufacturing SMEs	<a href="https://www.ai regio-project.eu/">https://www.ai regio-project.eu/</a>
news-polygraph project	Development of a multimodal technology platform that uses artificial intelligence to identify targeted disinformation ("fake news")	<a href="https://www.idmt.fraunhofer.de/de/Press_and_Media/press_releases/2022/KI-Forschungsprojekt-news-polygraph.html">https://www.idmt.fraunhofer.de/de/Press_and_Media/press_releases/2022/KI-Forschungsprojekt-news-polygraph.html</a>
AI4COPERNICUS	Bridging Artificial Intelligence (AI) with Earth Observation (EO) world by making the AI4EU AI-on-demand platform the platform of choice for users of Copernicus data along the value chain (scientists, SMEs, non-tech sector)	<a href="https://ai4copernicus-project.eu/">https://ai4copernicus-project.eu/</a>
FIAT/IFTA membership	The International Federation of Television Archives: worldwide association of institutions, commercial companies, and individuals managing or with a special interest in audio-visual archives in general and television archives in particular	<a href="https://fiatifta.org/">https://fiatifta.org/</a>

A European Perspective	Pan-European networked newsroom where journalists work collectively towards the common goal of unlocking diverse, cross-cultural perspectives and embracing a solutions-based approach	<a href="https://www.ebu.ch/eurovision-news/european-perspective">https://www.ebu.ch/eurovision-news/european-perspective</a>
READ TWICE initiative	Countering disinformation and limit the spread of fake news by enhancing citizens' media literacy competences	<a href="https://www.themayor.eu/en/read-twice">https://www.themayor.eu/en/read-twice</a>
FiDisD project	Fighting disinformation using decentralized actors featuring AI and blockchain technologies	<a href="https://www.trublo.eu/fidisd/">https://www.trublo.eu/fidisd/</a>
